

Table A.1—Continued

Organization	Operating	Peak Size	Econ.^a	Regime^b	Type^c	Goal^d	Ended^e
^a Designations correspond to the World Bank analytical classification for each terrorist group's base country of operation in the year in which the use of terror ended. Current World Bank classifications have been employed for terrorist groups deemed active at the end of 2006. In 2006, the World Bank used the following thresholds for classifying national economies (in 2005 gross national income [GNI] per capita, calculated using the World Bank Atlas Method): L = low income (\$875 or less); LM = lower middle income (\$876–\$3,465); UM = upper middle income (\$3,466–\$10,725); and H = high income (\$10,726 or more).							
^b Designations correspond to the Freedom House classification of each terrorist group's base country of operation in the year in which the use of terror ended. Current Freedom House classifications have been employed for terrorist groups deemed active at the end of 2006. The status designations of F (free), PF (partly free), and NF (not free) are determined by the combination of the political-rights and civil-liberties ratings for each country or territory. These categories contain numerical ratings between 1 and 7 for each country or territory, with 1 representing the freest and 7 the least free. The aggregate score of 2 to 14 indicates the general state of freedom in each country or territory.							
^c R = religious. LW = left-wing. N = nationalist. RW = right-wing.							
^d RC = regime change. TC = territorial change. PC = policy change. E = empire. SR = social revolution. SQ = status quo.							
^e PO = policing. S = splintering. PT = politics. V = victory. MF = military force.
